SAFRA MOUNT FABER TO BE TRANSFORMED INTO AN EXECUTIVE LIFESTYLE CLUB FOR NSMEN BY MID-2019

The Singapore Armed Forces (SAF)'s Operationally Ready National Servicemen (NSmen) can look forward to a brand new facade and new facilities for work, play and forging new connections after SAFRA Mount Faber is transformed into an executive lifestyle club by mid-2019.

With the growing number of professionals, managers and executives (PMEs) in Singapore, SAFRA will be enhancing its existing four-storey club located at Telok Blangah Way, which sits at the fringe of the Central Business District, to better cater to the lifestyle needs and appeal to this group of NSmen.

The enhancement works will begin later this month and will see the entire facade of the club take on a whole ***new industrial chic look***.

A dedicated co-working space, the first of its kind among SAFRA clubs, will also be set up within the club to provide NSmen with convenient facilities to do their work, conduct group discussions or host networking events. It will be fully equipped with high-speed internet and wi-fi, projectors and video conferencing capabilities with other common workplace amenities. Regular talks by industry professionals will also be organised in this space, where invaluable insights and ideas can be freely shared among NSmen.

The enhanced club will also offer ***fresh new entertainment and dining options***. The refurbished club lobby, with a grander and elegant ambiance, will be able to host live entertainment such as open mic nights and stand-up comedy shows. New food and beverage (F&B) outlets will also be brought on board to offer alfresco dining and stage live band performances at the club's entertainment wing, where NSmen can unwind and socialise. Fatburger, an American fast casual burger chain with over 200 locations worldwide, will also be opening its first drive-through concept at SAFRA Mount Faber in mid-2019. This will be the chain's third location in Singapore. Established in 1952, Fatburger is known for its amazing, fresh burgers and its celebrity following. Party World KTV will also be setting up an outlet at the club.

To provide ***more fitness and wellness offerings***, a new dance studio will also be added to the club where a variety of aerobic activities and courses such as Zumba, Pilloxing and Yoga will be organised. This will complement the club's existing recreational facilities such

as its EnergyOne gym, swimming pool, bowling centre, futsal court, badminton courts and outdoor multi-purpose court which will continue to be housed within its premises.

LTC (NS) Tan Lee Thong, Kelvin, Chairman of SAFRA Mount Faber Executive Committee, commented, “The enhanced club will be a vibrant and convenient destination at the fringe of the city center where NSmen can come to unwind, network, or bond with their families. If they need to attend to some urgent work in-between, they can easily get it done at the co-working space without the hassle of having to travel elsewhere. Having all these facilities housed in one location will make it easier for our busy NSmen to juggle their work-life commitments.”
